DETAILED ACTION

Election/Restriction

Application's election without traverse of Group I (Claims 1-10 and 18-41) in Paper No. 11 drawn to a semiconductor device is acknowledged for prosecution in the subject application. Accordingly, claims 11-17 and 42-56 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Applicants have the right to file a divisional application covering the subject matter of the non-elected claims.

Examiner's Amendment.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Cancel claims 11-17 and 42-56.

Reason for allowance

The following is an examiner's statement of reason for allowance: None of the references of record teaches or suggests the claimed Programmable Resistance Memory Cell With Multiple States having a third electrode layer formed from a third conductive material; and a second layer of a metal-doped chalcogenide material disposed between the second and third electrode layers.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
